
4-H Summer Enrichment program is designed to help youth avoid the learning gaps that occur during the summer by engaging them in fun, learn-by-doing, educational experiences. Campers will enhance their science, technology, engineering, and math knowledge and skills while exploring various subject matter areas. Participants will also develop practical life skills that will benefit them now and in the future. Career exploration will be woven into their experience each week.

4-H membership is available to all youth ages 5-18 without regard to race, color, gender, sexual orientation, handicap, or national origin. However, selected projects or programs do have enrollment restrictions. Not all projects or program activities are deemed appropriate for all age ranges due to either developmental appropriateness, safety, or other considerations.

Gadsden County Extension

2140 W. Jefferson Street, Quincy FL 32351

Gadsden County 4-H Youth

4-H Enrichment Program:
A Summer of Science
Discovery and Fun

4-H Day Camps

Location: Gadsden County Extension Office

Days M-F (Unless noted)

Check-in: 8 a.m. and Check-out 5 p.m.

Cost: \$50.00/camp (Unless noted)

Fee covers lunch, snacks, & most supplies. Open to 4-H/Non 4-H youth. 20 Youth slots per day camp

The Dynamics of Flight: (6/10-14/2013)

Building on their math, science and reading skills, youth will have fun building their instruments of flight. **Ages: 8-18**

It's All About the Buds (7/10-12/2013)

Cost: \$30.00 (Only 3 days)

Let's travel around the 4-H Clover. This is a great opportunity to expose the younger children to 4-H by doing several mini activities. **Ages: 5 -7**

Planet Explorers (7/15-19/2013)

Why are plants, soil, and water so important? Youth will take a journey of discovery into these areas, use technology to learn, and share knowledge gained. **Ages: 8 - 18**

4-H Day Camps

It's Alive: Junk Drawer Robotics (7/22-26/2013)

Youth will engage in robotics design, use, construction, and control as they work in teams to make it come alive. **Ages 8 -18**

Quirky Culinary Capers (7/29-8/2/2013)

Youth will explore the magic of kitchen science, prepare nutritious snacks, and learn how to improve their health for optimum living. **Ages 8 -18**

Clothing Adventures (8/5-9/2013)

Youth will discover the science & technology behind fabrics, fabric care, fabric construction, and create projects. Recommended for boys and girls. **Ages: 8 -18.**

Completed 4-H Participation & Camp Selection forms and fee are due by set deadlines on the selection form.

Please note dates and age ranges.
