North Fort Myers Rec Center
2000 N. Recreation Way, North FM
(GPS, 2021 N. Tamiami Trail, NFM)

Register online at **Eventbrite** for \$25/person or at the door for \$30/person. Make check payable to LCEAB.

Instructor: Stephen H. Brown,

Who Needs This License?

If you cut lawns and maintain ornamentals around houses and wish to apply pesticides, including Round-up, on the job, then this six-hour class is a requirement before obtaining the Limited Commercial Landscape Maintenance license (**erroneously called the Roundup license.**) With this license you will be able to spray herbicides, fungicides and insecticides on landscape plants but not on turfs or lawns. Four CEUs are required for annual renewal of this license.

CEUs: For this class, 3 of Core and 3 each of limited commercial landscape maintenance, limited lawn and ornamental, ornamental and turf, and right-of-way

To take the exam on the day of the class be sure to complete the application and bring it along with a check for \$150 on the day of the class. Make check or money order payable to DACS. For application questions call (850) 617-7997
