SOCCER ACTIVITY INSTRUCTIONS

CUT OUTSIDE

Alternating left and right with short steps in between, reach out to the ball, but before bringing it to the middle, you are going to extend your supported leg/foot outside of the ball to be able to push the ball with your other foot with the inside part.

DO AND SERVE OTHERS

HANDS

Place Others First!

Show some kindness by choosing a day where you let all others go in front of you, go first, or help the person in front of you. It is a simple Act of Kindness that can bring a smile to someone's face because you noticed them.

EAT WELL

HEALTH

FATS

Eating too much of one thing is not good, and that includes fat in your food. Fat is a nutrient that gives food flavor, but regular amounts of fatty foods can cause health problems. Make heart-healthy food choices by eating reduced fat, low-fat or fat-free foods.
