

Pesticide General Standards Core Class & CEUs

2 CEUs are available

St. Lucie County Extension is offering Pesticide General Standards Core Exam Review Class via virtual webinar (Zoom). This class will review the basics of pesticide including laws, rules and regulations of pesticides, how to read pesticide labels, different pesticide formulations, and human and environmental hazards.

By attending in this class, you will receive 2 CEUs credits in either the 487 general standards/core or the 482 general standards/core category. The cost for attendance is \$15. Please register through the link below. **You will not need a microphone or webcam to participate.**
